

Direct debet (Autogiro)

If you have direct debit (autogiro), your rent is paid automatically every month, and you can rest assured that your payment is both correct and on time. The rent is taken from your account on the due date, or the 20th of the month if you prefer. You just need to make sure that there is enough money in the specified account on the due date. If there are insufficient funds in the account, it is your responsibility to make sure that the rent is paid in some other way.

Bear in mind that the bank account holder must be the same person as the holder of the rental contract.

Important to know

Please note that autogiro payments come into force on the first month of the following quarter, i.e. January, April, July or October. This is because we send out rent notices once a quarter, for three months at a time. Your application date determines which month the autogiro comes into force.

There is a paper autogiro form that you can fill in and post to Rosengård fastigheter's office.
